TELEPHONES FOR MOLOKAI

SENATE APPROVES AN ITEM OF \$5,000 TO ENLARGE THE SYSTEM ON THAT ISLAND.

The special committee of the senate reported on the six months appropriation bill under the Board of Health. The committee says:

The items "segregation, support and treatment of lepers, \$24,500; medical treatment of lepers, \$10,000" and Kalaupapa Store (provided, however, clothes ration allowance be issued quarterly at the rate of \$16 per year for each person) \$14,000," have been thoroughly investigated by your committee and we believe the same to be segregated in a way that will produce the most benefit for the unfortunates at the settlement.

Your committee therefore recommends that all of the above items pass as in the bill.

With reference to the item "Provisions and ration supplies for settlement, provided the palai ration be 25 pounds, and the beef ration be 8 pounds per weekly ration \$35,500," your committee would recommend that the palai ration be reduced to 25 pounds per weekly ration, which amount your committee thinks sufficient. With this amendment your committee recommends that the item pass.

Your committee has investigated the item "Queen's Hospital, \$12,500," and finds that the trustees of the institution make annual financial reports to the Board of Health. We believe \$10,000 to be a sufficient sum for this legislature to appropriate for this institution and recommend that the item pass at this amount and that the trustees of the hospital in future make an annual statement of all receipts and expenditures from all sources to the board of health.

Your committee recommends the following amendment to the item "Freight and Passenger guarantee for passenger steamer, \$1,300." Add the following: between Honolulu and Kaunakakai, Kamalo, Pukoo, Halawa, Wailau, Pelekuni and Kalaupapa, Yanai and Kohala-laoa to be awarded after public bid or tender to the lowest bidder, provided, however that a passenger steamer is

used. With this amendment your committee recommends that the item pass.

The item Passenger steamer service between Molokai, Maui and Lanai by way of Pukoo to and return, \$1,200, your committee finds will be fully covered by the passage of the previous item, as amended by the committee.

We therefore recommend that the item be stricken out and the following be inserted in lieu thereof: "Freight on parcels, for lepers at settlement from all islands, \$1,200."

Your committee recommends that the item "Telephone System, Leper Settlement to Pelekuni, Wailau, Halawa, Pukoo, Kamalo, Kaunakakai and Kalaupapa Point, \$5,000," pass as in the bill.

This telephone system, if connected with the wireless telegraph system will be of great assistance to the Board of Health in the way of securing supplies, etc., for use at the settlement, and that from outside use of the same a charge can be made which will considerably help in the maintenance of the system. Your committee therefore recommends that this item pass with the following amendment: add the words "to be connected with the Wireless Telegraph station on Molokai."

The report is signed by L. L. McCandless, H. P. Baldwin and D. Kalaupapa.

The Senate adopted the report by inserting the items in House Bill No. 3 which was under consideration.

TO NEGOTIATE IN SAN FRANCISCO

FINAL NEGOTIATIONS FOR SETTLEMENT OF PEARL HARBOR CASE.

The negotiations pending the settlement of the suit of the U. S. Government against the Honolulu Plantation Company, will be concluded in all probability, in San Francisco and not at this place. The negotiations incidental to the offer of a compromise, are more than likely to be conducted in San Francisco directly between Admiral Bradford the chief of Bureau of Equipment for the Navy Department and the board of Directors of the Honolulu Plantation, through their attorneys F. M. Hatch and Judge R. D. Silliman. Mr. Hatch is now on the coast, while Judge Silliman departed last Tuesday on the Ventura for San Francisco.

It is well known that Judge Silliman's departure was hastened by reason of the necessity of his presence at the probable negotiations with the Chief of Bureau of Equipment. The negotiations are in no way being held in abeyance so far as the arrival here of Commander Pond at Honolulu is concerned, but if there is any delay, it is probably due to the necessity of waiting for the arrival of Judge Silliman.

The matter of the compromise has been pending for some time past. The United States government desires to cut down the last award of \$103,000 for the Honolulu Plantation company's lease on the Pearl Harbor land. It is understood that \$90,000 is the price that has been named and is under consideration by the various parties to the action.

MADE A HIT.

Jessie Norton and Corrigan Fairly Bring Down the House.

The promise of the Elford Company that several of their strongest bills had been reserved until last, was made good last night when Kidnapped was produced at the Orpheum. The play which is decidedly of the spectacular order, introducing a burning cellar, an abduction in a regulation hack, a sensational murder and other exciting scenes, is plentifully besprinkled with comedy and the combination brought shouts of approval from the audience that could have been heard blocks away.

The comedy led by Jessie Norton, Corrigan and Soaso, was irresistibly funny. The sayings and doings of the Irish couple and their Dutch son-in-law culminating in a cakewalk by the Hibernian pair, kept the whole house in constant delight. Jessie Norton's specialties were given in her best manner and "Scandalous Eyes" fairly brought down the house.

Miss Elliott as the persecuted heroine and Lando as the persecutor gave strong delineations of their roles and Myrtle Selwyn ably assisted the comedy. The company throughout lived up to their reputation as a well balanced combination. Kidnapped with the reputation it earned last night, will probably pack the Orpheum once more this evening.

SONOMA IS DUE TODAY.

The S. S. Sonoma is due this afternoon from San Francisco with seven days later mail and files of the San Francisco papers. The vessel is likely to arrive about 9 o'clock although, with fair weather she may come down in faster time and make port by 3 or 4 o'clock.

SONOMA NOT REPORTED.

At 2 p. m., the hour of going to press today, the S. S. Sonoma had not been reported from San Francisco. The vessel should be reported this afternoon.
